

# ORION

The use of steel with strongly contrasting timber tops gives the Orion range a modern, yet classical look that fits into almost any design scheme. The complementary range of Orion seating blends in perfectly to complete a professional image. Orion tables are available in fixed, mobile and folding options for settings that need to be easily reconfigured.

▲ Barrel shape table in beautifully veneered Burr Walnut and cross-veneered American Black Walnut border, chamfered edge and the stunning ORION pillar base in high quality chrome. Shown with Hands ORION chrome cantilever chairs in best quality Scottish Hide.

▲ Square edged, rectangular table in Warm Cherry with the double metal pillar ORION base for use with tables of 1500mm width. Shown with matching Hands System Storage units and ORION chrome cantilever chairs.

# ORION
